

Membership in Home School Legal Defense Association (HSLDA) is not mandatory for Outlook Academy families, but we highly recommend it. For a minimal fee using our HDLDA discount, membership in HSLDA offers your family peace of mind as well as free homeschool resources and access to expert legal counsel -- and those are just the main, selfish reasons for joining.

You may never need to call on an HSLDA attorney, but you'll know your money will be well spent in advocating for homeschooling rights in Washington, DC and in helping homeschoolers who live in unfriendly homeschooling states.
